Stylist: Nell · Senior: Imani & Theo · Director: Mara. Individual services depend on each artist's specialism. A dash means that service is unavailable at that level.

Corrective colour.

A consultation-first, multi-session strategy for a significant change. We assess previous colour and strand strength before planning placement or lightening.

Quoted after consultation. The condition of your hair sets the pace.

Before your visit.

A consultation and valid skin test are required at least **48 hours before** colour. Any extra time or cost for length or density is agreed before work begins.

Please give 48 hours' notice to change or cancel. Scalp rituals are cosmetic care, not medical treatments.
